Two Children Perish in a Burning Building in Pittsburgh.

The Mother Jumps From a Second Story Window and is Fatally Hurt.

Because of Trouble With Her Husband a New York Woman Feeds Poison to Her Children—The Mother Then Suicides—Murder and Robbery at Yonkers.

PITTSBURGH, Jan. 28.—Mary, aged 5 years, and Norah, aged 3 years, children of Mr. and Mrs. John Steele, of 102 South Sixteenth street, this city, were burned to death, and Mrs. Steele sustained probably fatal injuries in jumping from the second story window of their home about 9 o'clock Monday night. Two other children escaped harm by their mother lowering them in a sheet from a window into the hands of those below.

Mr. Steele was absent at work. Mrs. Steele and her four children, ranging in age from six months to seven years, were in the second-story front bedroom. The children were playing when the lamp was accidentally upset and exploded. The monetary loss is small.

NEW YORK, Jan. 28.—Mrs. Ida Work, 40 years old, living at No. 467 North street, Brooklyn, Monday afternoon gave Paris green to her two boys, Otto and William, aged eight and ten, respectfully, and then swallowed some of the poison herself.

The mother died shortly after her arrival and the two children are in a critical condition.

Before she became unconscious the mother said that she had taken the step because of trouble with her husband.

YONKERS, N. Y., Jan. 28.—A daring robbery, followed by a murder, occurred in this place Monday night. The victim was Mrs. Edmund Tucker, who resided on Central avenue, near Bronxville. Mr. Tucker arrived at his home shortly after seven o'clock Monday night and found his five-year-old boy in the back room. The child informed him that a man wearing a beard had entered the house about dusk and struck and choked his mother. Mr. Tucker immediately began a search and found the body of Mrs. Tucker, who was shortly to become a mother, in a small hallway off the sitting room. She had been choked to death, as several finger marks were plainly visible upon her throat. There were several bruises on her breast and body, showing that the burglar had repeatedly struck and kicked her. The child has an injury on the right temple. After the finding of the body a search of the house was made and it was found that considerable jewelry and clothing had been stolen. The general opinion is that Mrs. Tucker discovered the burglar in the sitting room and when she made an outcry he killed her.

CONCURRENT RESOLUTION

On the Turkish Outrages on Armenians Passes the House.

WASHINGTON, Jan. 28.—The House, Monday, discussed for four hours and passed by a vote of 143 to 26, the senate concurrent resolution, declaring it to be an imperative duty in the interest of humanity to express the earnest hope that the European concert brought about by the Berlin treaty may be speedily given its just effect in such decisive measures as shall stay the hand of fanaticism and lawless violence and as shall secure to the unoffending Christians of the Turkish empire all the rights belonging to them as men and Christians and as beneficiaries of the explicit provisions of that treaty; requesting the president to communicate these resolutions to the five signatory powers thereof; and declaring that congress will support the president in the most vigorous action he may take for the protection and security of American citizens in Turkey and to obtain redress for injuries committed upon the persons and property of such citizens.

Mr. Quigg, (rep., N. Y.), at whose request the resolution was taken up, opened the debate and advocated its adoption, as did also Messrs. McCreary (dem., Ky.); Hitt (rep., Ill.); Morse (rep., Mass.); Smith (rep., Mich.); Mahany (rep., N. Y.); Brumm (rep., Pa.); Sperry (rep., Cal.); and Howe (rep., N. Y.).

Various amendments were offered to it on the ground that it did not go far enough—one by Mr. Hepburn (rep., Ia.) calling for the dismissal of the Turkish minister at Washington and the severance of diplomatic relations with Turkey, but they were all rejected. Messrs. Turner (dem., Ga.), Grosvenor (rep., O.), Walsh (dem., N. Y.), Adams (rep., Pa.), Johnson (rep., Cal.) and Bailey (dem., Tex.) argued against the resolution.

The diplomatic and consular appropriation for the coming fiscal year was reported. A bill was passed to permit the sale in small parcels of certain lands in Minnesota.

The house at 4:55 o'clock adjourned until Tuesday.

Daugherty, Ohl's attorney, to explain the absence of that gentleman. Mr. Daugherty would only say that the senator was not in the city and would probably not be here.

VENGEANCE.

Negro Desperado Hanged by a Mob at Hemphill, W. Va.

He Shot and Killed One Man and Wounded Two Others on a Train.

While Being Conveyed to the Jail at Huntington, a Gang of 50 Infuriated Men Took the Prisoner From the Officers' and Strang Him Up.

BLUEFIELD, W. Va., Jan. 28.—Alex Jones, a Negro desperado of Elkhorn, boarded a west-bound passenger train Monday night at Keystone, evidently for the purpose of having trouble. He was under the influence of liquor and was very boisterous. He had ridden only a short distance when Conductor McCullough came through the train and demanded his ticket.

He abused the conductor and refused to pay his fare when an attempt was made to get him to do so. Jones then pulled two revolvers and commenced firing at random through the car, which was crowded with people, emptying both weapons.

After the shooting it was discovered that W. H. Strother, postmaster at Elkhorn, was shot through the abdomen, causing death almost instantly. Conductor McCullough was shot in the side, but not seriously wounded, and Peter Rice, a colored miner, was shot through the right breast, and will probably die.

Jones was then placed under arrest and lodged in jail to await the arrival of a train by which to convey him to the Huntington jail, the officers knowing that he would be lynched if not removed. The officers and prisoner boarded the two a. m. train without being molested, but in the meantime a mob of 50 infuriated men was being organized at Welch, 15 miles west of Elkhorn.

After the mob was organized they marched to Hemphill, two miles west of Welch, to await the arrival of the train conveying the prisoner.

As soon as the train got in sight a danger signal was flashed across the track, causing the train to suddenly stop. The mob then mounted the cars, and at the point of Winchester's demand the prisoner, who was turned over to them. The Negro was taken to a tree near by and hanged and his body perforated with bullets.

Jones was a desperate man, having killed, it is said, four men and defied arrest. The body was removed from the tree Tuesday morning, and the following note was attached: "This deed was done for the purpose of example and warning to all negroes, so beware."

IN THE WHITE HOUSE.

A Society Woman Robbed of \$2,500 Worth of Diamonds at a Reception.

WASHINGTON, Jan. 28.—One of the society women of Washington, whose name is carefully withheld by the police, has reported that she was robbed of \$2,500 worth of diamonds at a recent white house reception. The jewels were in a pendant suspended from her neck. The thieves were women. The lady was standing in the corridor during the rush, wedged in among the callers, when two well dressed women, one in front and another behind her recognized each other and approached. They met just where the lady was standing, and in the most effusive manner reached over her shoulder and shook hands vigorously. It was all over in a moment, and the two women went away, but alas, as soon as they disappeared the victim noticed that her pendant was missing. She notified the detective at the door, and he gave the description to other officers. They informed him that two women who answered the description had just left the hall. Out of doors the police ran, but in the midst of shouting hackmen, frantic policemen and the crowds of the curious who lined the walks it was an absolute impossibility to find the thieves. So the lady still mourns the loss of her pendant and the women continue to wear their diamonds in the jam at the white house.

Wilson, of Detroit, on a bill establishing the legal rate of speed for vessels of all displacements plying the waters of the lakes, the argument being that at the present time collisions frequently occur because of the high rate of speed at which some of the vessels are running.

MORE TROOPS

Will Be Thrown Into Cuba by Spain at Once.

The Command of Gen. Gomez Still in the Neighborhood of Havana.

Spanish Government Will Call Into Service the Recruits of the 1895 Class—Marquis of Alameda Second in Command to the Captain General.

HAVANA, Jan. 28.—The government operations against the rebels are being rapidly pushed but they do not appear to be productive of any decisive results. The rebel commander-in-chief, Gen. Gomez, who has repeatedly been reported to be attempting to make his way back to the eastern part of the island, is still somewhere a short distance east of the railway line, running from Havana to Batabano. The rebel leader Laceret is reported to be near Jovellanos, in the province of Matanzas, and Antonio Maceo, the second in command of the rebel forces, entered Mantua, a town in the western part of the province of Pinar del Rio on January 23. He was accompanied by half his command. The other half remained at Escortina, while the wounded men belonging to Maceo's force were at Guine. It is believed here that Maceo's men will be compelled to abandon Guine and Escortina, owing to the activity of Gen. Llanque.

The Marquis Apetziqua, president of the conservative party, has resigned that office for business reasons. He is manager of the Constancia sugar estate, one of the largest on the island, which is owned by an American syndicate.

Cable dispatches from Madrid, published here Sunday, state that the queen regent has signed the decree appointing general, the Marquis of Alameda, as the second in command of the captainship general of Cuba. Gen. Barges also was named by the queen regent to take command of a division in Cuba. Gen. Martigne will be second in command in Porto Rico.

The government of Spain, on the 21st inst., will call into active service the recruits of the 1895 class. Hitherto they have not been called to the colors.

The plan for sending reinforcements to Cuba has been modified. On the 10th of February 10 battalions of 1,200 men each will sail for Cuba.

General, the Marquis Alameda, appointed as second in command in this island, is a distinguished member of a noble family.

Gen. Marin has accepted the appointment of governor general of Porto Rico.

STEAMER HAWKINS.

Said to Have Left New York on a Filibustering Expedition.

WASHINGTON, Jan. 28.—Acting Secretary Wike has instructed collectors of customs to look out for the steamer J. W. Hawkins, said to have left New York last Friday on a filibustering expedition to Cuba. Senor De Lome, the Spanish minister, says Calixto Garcia is aboard with arms and ammunition and men, and that the steamer will take on more men and stores at Palm Beach, Fla. Orders have been sent to the revenue cutters Morrill, McLane and Colfax to proceed to sea and if possible intercept the Hawkins, providing the allegations of the Spanish minister are found to be correct.

Little doubt is now entertained that it is to intercept, if possible, this expedition that the cruisers Raleigh and Montgomery, of Adm. Runce's squadron of evolution have been ordered to sea.
